BRAND OVERVIEW

The foundation of our visual identity

MISSION

Engineering excellence with structural integrity. We build environments that stand the test of time, combining innovative engineering solutions with construction expertise.

VOICE

Authoritative, precise, and dependable. Our communications reflect the confidence and reliability that define every project we undertake.

ESSENCE

Building strength that endures. Every element of our brand identity reflects the structural permanence and precision engineering at our core.

LOGO USAGE

Guidelines for correct logo application

The Stagnum logo features a geometric 'SE' monogram within a bold rectangular frame, reflecting architectural precision and structural confidence. Always maintain a minimum clear space around the logo.

CLEAR SPACE & MINIMUM SIZE

Maintain clear space equal to the height of the 'S' character on all sides.

Minimum reproduction size: 32px height (digital) or 12mm (print).

DO NOT

Stretch, rotate, add drop shadows or effects, change brand colors, place on busy/low-contrast backgrounds, or reduce below minimum size.

APPLICATION NOTES

- Obsidian is the dominant brand color — use for backgrounds, headers, and primary elements.
- Forged Gold is reserved for accents, CTAs, and emphasis — never use as a background fill.
- Limestone provides a warm neutral for backgrounds and secondary content areas.
- Maintain a minimum 4.5:1 contrast ratio for all text against backgrounds.

BRAND PATTERNS

Geometric textures derived from the logo grid
Use these patterns as backgrounds, borders, or accent elements to reinforce brand identity.

PATTERN USAGE GUIDELINES

- Grid pattern: Use for presentation backgrounds and report covers.
- Blueprint lines: Ideal for proposal headers, technical documents, and digital banners.
- Structural bars: Suitable for social media, brochures, and marketing materials.
- Patterns should be used at low opacity (10-25%) to avoid overwhelming content.
- Never stretch or distort patterns — tile or crop to fill the required area.

STATIONERY

Business cards, letterhead, and print collateral

COVER / BANNER

SOCIAL GUIDELINES

- Profile avatar: Use the SE monogram only — no wordmark at small sizes.
- Post templates: Maintain the dark-on-gold accent system across all posts.
- Cover images: Keep text in the left 60% to avoid platform UI overlap.
- Hashtags: #Stagnum #BuiltToLast #EngineeringExcellence #StagConstructs
